## *Robert Smith Sr., M.D.*

On December 19, 2018, God called Otrie Bertrelle Hickerson Smith to Himself where she was welcomed by parents Carl, Sr. and Murphy, brothers Carl Jr. and Charles, and son Robert. Otrie was married to Dr. Robert Smith, Sr. As accomplished as she was as a physician, Otrie's real passion and pride were in her roles as mother, wife, and servant of the Lord. The three were inextricably bound together and manifested in a variety of ways. She poured her life into the lives of her family. She took seriously the words of her mother Murphy who said "I live to make a contribution to humanity through my children" She is survived by husband Dr. Robert Smith Sr., son Claude Alexander, Jr. (Kimberly), daughters Donna Elizabeth Smith and Pamela (Columbus) Broadnax.

We’re going to blow the roof off!

Joe started his career (*while in diapers*) on January 21, 1975 at the Missouri History (*Hysterical*) Museum located in the Jefferson Memorial building in Forest Park. When Joe started the staff was small and exhibitions often went unchanged for decades. Joe arrived for work with black hair and was eager to take on many tasks. He quickly became the wearer of many hats including housekeeping, maintenance and audio visual. However, over the years he found his passion in HVAC. Along with Joe’s career path, there were lots of changes at the museum. Period rooms that were installed in 1959 evolved. The Library and Research Center opened in December of 1991 and the more recent addition is The Soldiers Memorial Bldg. Joe now ends his career as HVAC Technician with white hair and many fond memories. His most cherished memory is when he met the great Count Basie. After retirement, you will find Joe on the nearest golf course. Please wish him well.
